My Ideal teacher should possess such qualities as diligence, kindness, understanding to be cool, punctuality, rigor but in moderation, just, funny. My teacher, ^{onking} should be an educated, well-read, hard-w but also with an interesting personal experience that he could talk to his personal example. Also, the teacher must take care for their children, take an interest in their affairs.

My ideal teacher is to find free time to children and go some where else with them on a trip to the museum or a movie. It would be ideal if my teacher had a good sense of humor. talk to funny-stories.

That's my understanding this ideal teacher.
