

This teacher is a person who will support their students and helps them to realize themselves in society. The teacher is a reliable friend to his students.

Did you have a real teacher? I was the one who has been a good example and dream. That's why to get little. Now the teacher is the only people ~~who~~ who tell stuff and get paid. They have ceased to be our friends, we ceased to be open. The school a second home, but what kind of a house if there is no contact between the teacher and ~~which~~ students? WE HAVE MORE TO COMMUNICATE! Community helps to understand via communication can we all. Communication between student and teacher will lead to understanding and products partnership
